

**Amendment No1 to the RULES of the PLAN D'EPARGNE DE
GROUPE INTERNATIONAL DU PERSONNEL DU GROUPE
AIR LIQUIDE (INTERNATIONAL GROUP SHARE PURCHASE
PLAN FOR THE EMPLOYEES OF GROUPE AIR LIQUIDE)
dated July 22, 2005**

PREAMBLE

It is hereby reminded that a Plan d'Epargne Etranger de Groupe (a Group Share Purchase Plan for Foreign Countries) was established on July 22, 2005 in line with the Plan d'Epargne de Groupe France (the Group Share Purchase Plan for France) at the initiative of the company L'AIR LIQUIDE S.A. (hereinafter referred to as the "Company"), in order to enable employees of Groupe AIR LIQUIDE's foreign subsidiaries to subscribe to capital increases that are reserved for employees of the AIR LIQUIDE group (Articles L. 3332-1 et seq. of the French Labor Code).

In conjunction with this amendment, the Plan d'Epargne Etranger de Groupe is changing its name and is henceforth referred to as the Plan d'Epargne de Groupe International (the International Group Share Purchase Plan).

As of the date upon which they are signed, these rules shall constitute the International Group Share Purchase Plan (hereinafter referred to as the "IGSPP", or the "Plan") of Groupe AIR LIQUIDE.

ARTICLE I - PURPOSE AND LEGAL FRAMEWORK

The purpose of this IGSPP is to offer employees of the foreign companies of the AIR LIQUIDE group the possibility of becoming shareholders of the Company with the help of their company.

The IGSPP is established for the implementation of share capital increases reserved for employees, authorized by the Company's Extraordinary Shareholders' Meeting, and the particular terms and conditions of which will be set by the Company's Board of Directors or by the Chief Executive Officer acting by delegation.

ARTICLE II - SCOPE OF THE IGSPP

Membership to the Plan is open to those companies of Groupe AIR LIQUIDE with registered offices located outside of France and with respect to which the LAIR LIQUIDE S.A. company holds, either directly or indirectly, more than 50 % of the share capital or voting rights.

The companies with respect to which LAIR LIQUIDE S.A. holds directly or indirectly 40% to 50% of the share capital or voting rights could, as the case may be, receive admission for membership to the Plan, on a case by case basis, as decided by the LAIR LIQUIDE S.A. company, relative to the strategic interests such membership would offer the Group.

Membership to the Plan by a Group company satisfying the aforementioned criteria (hereinafter referred to as the "Member Company(ies)") can occur at any moment. Membership assumes the explicit acceptance of all of the provisions of the Plan's rules and implies the acceptance of said membership by the existing member companies. Any member company can terminate its membership under the conditions set forth in Article III of these rules.

Each company becoming a member of this IGSPP must see to its own compliance with legislation applicable to it for the term of its membership and, in particular, to the receipt of any required authorizations from competent authorities (in particular the stock market, administrative, fiscal, and exchange rate control authorities).

In the event that a Member Company were to leave the scope of the Group in the meaning of this Article, such Member Company would, in full right, no longer be a Plan member as of the date of its departure from the scope. The employees of this company will no longer be able to make contributions as from this date. They must keep the assets they have obtained within the Plan until the end of the lock-up period, it being specified that the Member Company's departure from the scope of the Group does not, for the employees

of this company, constitute an early exit event in the meaning of Article IX of the Plan. 2

The list of member companies appears in Appendix 1 and shall be updated on an annual basis.

ARTICLE III - TERM, TERMINATION, AND REVISION OF THE IGSPP

This IGSPP shall remain in effect for an indefinite term.

A Member Company may leave the IGSPP at any moment by terminating its membership. The decision to terminate membership shall become effective one (1) month after such Member Company's notification to the LAIR LIQUIDE S.A. company.

Each Member Company must adopt the revision amendment in order for this amendment to apply to it.

ARTICLE IV - BENEFICIARIES

Any person that may be considered as an **employee** of the Member Companies can become a member of the IGSPP on the condition that he or she has at least three months seniority within the AIR LIQUIDE group (hereinafter referred to as a "Beneficiary"). Within the framework of an employee shareholding transaction by capital increase or sale of shares, the aforementioned three months seniority are assessed as of the last day of the subscription period.

For those Member Companies regularly comprised of a payroll of at least one and at most one hundred employees, executives whose job responsibilities can be likened to those of presidents, chief executive officers, managers, or Management Board members in the meaning of French law, can also participate in the Plan.

An employee's participation in the IGSPP is totally optional and voluntary.

ARTICLE V - CONTRIBUTIONS TO THE IGSPP

This IGSPP receives funds in the following way:

- the voluntary contributions made by employee participants,
- the possible additional contributions made by Member Companies in the form of employer matching contributions.

The Beneficiaries benefit from financial aid granted by their employer by way of the latter's payment of fees associated with the operation of the Plan, under the conditions defined in Article VI of this Plan.

V.1 Limits applicable to contributions:

The total amount of voluntary contributions made to the IGSPP in a given year by each Beneficiary may not exceed one quarter of his or her gross annual remuneration.

The amount of remuneration that must be taken into account by each Beneficiary in order to determine his or her financial capacity for contributions to the Plan is the total gross annual remuneration he or she can expect to receive as of the beginning of the calendar year, as determined by his or her employee agreement and applicable collective agreements, subject to an upward adjustment in the event of a change occurring during the year.

V.2 Minimum contributions:

The minimum amount of voluntary contributions that can be made by employees will be communicated to those concerned prior to the beginning of subscriptions to a capital increase.

ARTICLE VI - MINIMUM AMOUNT OF FINANCIAL AID GRANTED BY THE COMPANY

The expenses associated with Beneficiaries' account management fees are borne by the employer within the limits described in Appendix 2. For those Beneficiaries who have left their employer (including retired employees and employees on early retirement), and with the exception of the case of a transfer within the Group, this payment of fees by the employer shall cease one year following the expiration of the lock-up period applicable to the assets in question (Article IX). These fees are then borne by the former employees concerned.

In the event that the Beneficiaries' assets are placed in a Fonds Commun de Placement d'Entreprise (French employee shareholding vehicle, hereinafter referred to as an "FCPE") (Article VII below), the management fees associated with the FCPE that are not described in Appendix 2 are paid for under the conditions described in the FCPE regulations (please refer to the information notice in Appendix 3 of this Plan).

The account management fees are borne by each Member Company (including the case in which a Member Company is no longer considered as such) relative to the number of current and former employee unitholders it has. The management fees of the Plan's FCPE are, if applicable, borne by each Member Company proportionally to the number of FCPE units held by its current or former employees.

ARTICLE VII USE OF THE AMOUNTS CONTRIBUTED INTO THE IGSPP

The amounts contributed to the Plan pursuant to Article V above will be allocated immediately and in full to the payment of Company shares subscribed under the capital increase concerned.

As soon as the final list of subscribers and the number of shares subscribed by each of them at the time of a given capital increase has been established, the shares of the LAIR LIQUIDE S.A. company will be kept in pure registered form in an account in the Company registers opened in the subscriber's name.

Each subscriber will receive an account registration certificate indicating the number of registered-form shares that have been registered in his or her account in this way.

Within the framework of the 2005 capital increase, the employees of certain Member Companies had the option of subscribing to the capital increase via an FCPE invested in shares of the LAIR LIQUIDE S.A. company. Said FCPE can no longer receive contributions from Beneficiaries.

Appendix 3 contains the list of investment vehicles that exist within the plan. This list is updated at the latest on the day such investment vehicles become available to Beneficiaries. It specifies, in compliance with legal provisions, the criteria of choice that exist between these different vehicles and, in particular, the degree of risk and the recommended investment term.

ARTICLE VIII - ALLOCATION OF REVENUES DERIVED FROM THE ASSETS HELD IN THE PLAN

The dividends associated with the AIR LIQUIDE shares held directly in registered form by Beneficiaries will be paid out directly to Beneficiaries.

The revenues derived from the securities held via an FCPE are either reinvested by the FCPE or allocated to Beneficiaries, depending on what is set forth in this regard in the FCPE regulations.

ARTICLE IX - LOCK-UP PERIOD

In accordance with the provisions of Article L.3332-25 of the French Labor Code, the assets held in the Plan are, excluding exceptions mentioned below, locked-up for a term of five years beginning on the date upon which the shares are registered in an account.

The aforementioned 5-year lock-up period can, as the case may be, be rendered inapplicable upon the occurrence of events set forth by legislation. As of today, these events are the following:

1. where such person gets married or enters into a "*pacte civil de solidarité*"¹;
2. where a child is born or arrives at the household in view of being adopted, provided the household is already financially responsible for at least two children;
3. where such person gets divorced, separated or terminates a *pacte civil de solidarité*, when such event is accompanied by a court decision specifying that the sole or shared ordinary place of residence of at least one child is at the domicile of such person;
4. where the employee, his or her children, his or her spouse, or partner in a *pacte civil de solidarité* suffers from a disability. This disability is to be evaluated in accordance with the meaning set forth in points 2^o and 3^o of Article L. 341-4 of the French Social Security Code, or must be recognized in accordance with legislation in force, or equivalent legislation in local law;
5. where the employee, his or her spouse, or partner related to the beneficiary through a *pacte civil de solidarité* dies;
6. where the employment agreement is terminated;
7. where the employee, his or her children, spouse, or partner in a *pacte civil de solidarité* allocates the amounts saved to creating or taking over an industrial, commercial or agricultural business or a craft, either on his or her own or in the form of a Company, under the conditions set forth by law;
8. where the amounts saved are allocated to purchasing or enlarging the principal residence entailing the creation of new living area under the conditions set forth by French law or equivalent legislation in local law;
9. where the employee is over-indebted, as defined in Article L.331-2 of the *Code de la Consommation* (French Consumer Code), or equivalent legislation in local law.

The decision to exit the Plan can be taken only by employee beneficiaries or their entitled assignees.

The Beneficiary's request for early exit must be presented within a time period not to exceed six months as from the occurrence of the event triggering the early exit, save for the events where the employment agreement is no longer in effect, the Beneficiary, his or her spouse or his or her partner in a *pacte civil de solidarité* dies, in case of disability or over-indebtedness, in which cases this request may be made at any time. The early termination of the lock-up period shall take the form of a single payment that bears on either the full amount or part of the entitlements that could, as the case may be, benefit from an early exit.

ARTICLE X - IN THE EVENT THAT A BENEFICIARY LEAVES THE MEMBER COMPANY

With the exception of an intra-Group transfer (which does not represent the end of an employee agreement in the meaning of paragraph 6 of Article IX), when a Beneficiary definitively leaves the Member Company employing him or her, his or her assets are, at the participant's discretion, either liquidated or kept in the Plan.

When an employee leaves his or her company, he or she receives a summary statement indicating, in particular, the employee's identification information, the description of his or her assets, and the dates upon which his or her assets will become available.

The employee must indicate the address where all sums due to him or her should be sent. The employee must keep the Company's shareholder services department informed of any change of address.

In the event of a change of address, it is the Beneficiary's responsibility to inform the shareholder services department in due course.

ARTICLE XI - INFORMING BENEFICIARIES

This Plan, its local amendments (if applicable), and any modification that may be applied to them at a later date will be made directly available to Beneficiaries on the Intranet site and, in the event that the intranet site cannot be accessed, will be available from each Member Company's Human Resources department.

Every time a contribution is made to the Plan, the Beneficiary will receive a statement in his or her name specifying, in particular, the number of AIR LIQUIDE shares, their acquisition date, and the date upon which these assets will become available, as well as the total acquisition amount.

In addition, every year he or she receives at least one statement indicating the status of his or her individual account.

ARTICLE XII - SPECIFIC LOCAL PROVISIONS

When capital increase transactions reserved for Member Company employees are carried out, an amendment to this IGSPP, applicable to a given country, could be adopted in order to account for legal and/or regulatory and/or fiscal restrictions in the country in question. The amendment thus adopted may exempt countries from certain IGSPP provisions, in particular those regarding early exit events applicable in the country in question.

¹ Civil union agreement

ARTICLE XIII - DISPUTES

Before initiating any legal procedures provided for by the legislation in force, the company shall make every effort to resolve any disputes related to the application of this IGSPP internally. Failing this, the dispute shall be presented to the relevant jurisdiction.

This IGSPP is subject to the provisions of French law. The possible amendments to the IGSPP will be implemented and, if applicable, interpreted in accordance with the focal law provisions that would have rendered such amendments necessary.

ARTICLE XIV - LANGUAGE

It is hereby explicitly agreed to that in the event the IGSPP is translated, its French version shall prevail.

Paris this 1st day of August 2008

APPENDIX 2- Nature of expenses and payment of fees

The minimum contribution of each of the Plan's member companies consists of the payment of fees associated with the following transactions:

- the opening of the beneficiary's account,
- the fees associated with an employee's annual payment into the IGSPP,
- the preparation and sending of the transaction statements (contributions, redemptions of FCPE units, sale of shares),
- the preparation and sending of the annual statement of assets,
- all of the redemptions of FCPE units at expiration as well as those that are carried out in the framework of the early exit events set forth in articles R. 3324-22 and R. 3334-4 of the French Labor Code, on the condition that such redemptions be made by wire transfer to the employee's account,
- employees' access to electronic data transmission tools providing them with information on their accounts.

APPENDIX 3 — List of investment vehicles

In accordance with the provisions of Article R. 3332-1 of the French Labor Code, the purpose of this appendix is to regroup the criteria of choice and the list of investment instruments, as well as the information notice of the *Fonds Commun de Placement d'Entreprise* (French employee shareholding vehicle, or "FCPE") that exists within the Plan.

Available investments within the IGSSPP:

- the holding of Air Liquide shares in registered form in the registers of the L'Air Liquide company following a subscription of Air Liquide shares in the framework of a capital increase reserved for Beneficiaries and/or of an acquisition of Air Liquide shares reserved for Beneficiaries via the sale of existing shares.
- during the 2005 capital increase, the employees of certain Member Companies had the option of subscribing to the capital increase via an FCPE invested in shares of the LAIR LIQUIDE S.A. company. Said FCPE can no longer receive contributions from Beneficiaries

THE "AIR LIQUIDE EPARGNE" FCPE

This FCPE which enabled certain employees to invest their assets in a vehicle invested in AIR LIQUIDE securities replicates the course of the stock market fluctuations of the Air Liquide share. This FCPE is recommended to employees who are attracted by share management with a pronounced risk, within the outlook of a long term investment with no restrictions as to the specific redemption date of the value of the FCPE's units.

This FCPE can no longer receive contributions from Beneficiaries.

AMF Code #:	990000060009
Legal form	<i>Fonds Commun de Placement d'Entreprise</i>
Date of approval:	18 Mars 1994
Management Company:	Federis Gestion d'Actifs- 30 rue de la Victoire 75009 Paris.
AMF Classification:	"FCPE invested in listed company securities"
Management objective:	The FCPE is invested in listed Air Liquide shares and shall replicate the upward or downward performance of the Air Liquide share. A minimum of [98] % of the FCPE's assets are invested in Air Liquide shares, the objective being to invest 100 % of its assets in Air Liquide shares. The balance, if applicable, is invested in Monetary OPCVMs (<i>Organismes de Placement Collectif en Velours Mobilier</i> es, or French collective investment vehicles).
Investment objective:	to achieve a long-term positive capital valuation
Risk:	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/> <input type="checkbox"/>
Recommended investment term:	<i>> 5 years (the subscriber's attention is called to the fact that his or her assets are not available for a minimum of 5 years, with the exception of the occurrence of an early exit event)</i>

Annexe 4 : Mise à jour du règlement du Plan

- Mise à jour de mai 2013

Afin de tenir compte de la modification de la loi française, le nombre de salariés mentionné au second paragraphe de l'article IV du règlement du Plan est de 250 et non plus de 100.

- Mise à jour de [juillet] 2021

Le décret n° 2020-683 du 4 juin 2020 a ajouté un nouveau cas de déblocage anticipé à la liste des cas de déblocage anticipés des plans d'épargne.

Il est donc inséré un article 3 bis au sein de l'article IX du Plan d'épargne Groupe International du personnel du groupe Air Liquide, rédigé comme suit :

« 3 bis. Les violences commises contre l'intéressé par son conjoint, son concubin ou son partenaire lié par un pacte civil de solidarité, ou son ancien conjoint, concubin ou partenaire :

- a) Soit lorsqu'une ordonnance de protection est délivrée au profit de l'intéressé par le juge aux affaires familiales en application de l'article 515-9 du code civil ;
- b) Soit lorsque les faits relèvent de l'article 132-80 du code pénal et donnent lieu à une alternative aux poursuites, à une composition pénale, à l'ouverture d'une information par le procureur de la République, à la saisine du tribunal correctionnel par le procureur de la République ou le juge d'instruction, à une mise en examen ou à une condamnation pénale, même non définitive ; »

Ce cas fait partie des cas de déblocage anticipés pour lesquels la demande de déblocage peut être faite à tout moment.

Appendix 4 : Update of the Plan rules

- Update of [May] 2013

In order to take into consideration a change occurred in French law, the number of employees mentioned in the second paragraph of the article IV of the Plan rules is 250 and not 100.

- Update of [July] 2021

The decree n° 2020-683 dated June 4th, 2020 has added a new early exit event to the list of early exit events of savings plans.

An article 3 bis is therefore inserted in Article IX of the International Groupe Share Purchase Plan for the employees of Groupe Air Liquide, drafted as follows :

« 3 bis. Violence committed against the person by his/her spouse, his/her cohabiting partner or partner bound by a civil solidarity pact, or his/her former spouse, cohabiting partner or partner :

- a) When a protection order is issued for the benefit of the person by the family court judge in application of Article 515-9 of the civil code ;
- b) When the facts fall under Article 132-80 of the criminal code and give rise to an alternative to prosecution, to a criminal composition, to the opening of an investigation by the public prosecutor, to the referral of criminal court by the public prosecutor or the investigating judge, to the indictment or a criminal conviction, even not final ;

This early exit event is one of the early exit events for which the release request can be made at anytime.
