Lock-up period and Early Exit Events

In consideration for the benefits granted under this offering, the shares subscribed are subject to a lock-up period of five years (ending on December 9, 2030), subject to certain early exit exceptions currently provided for under French law. The exemptions are expected to be:

1. Marriage of the employee;
2. Where a child is born or a child arrives at the home in view of being adopted, provided the employee's household is already financially responsible for at least two children;
3. In the event of divorce or separation, when this event is accompanied by a court decision specifying that the sole or shared ordinary place of residence of at least one child is at the domicile of the employee concerned;
4. Where the employee, his or her spouse or children, suffers from a disability as defined by French law;
5. Death of the employee or his or her spouse;
6. Termination of the employment contract;
7. Where the employee, his or her children, or spouse, allocates the amounts saved to create certain businesses as provided for by French law;
8. Where the employee allocates the amounts saved to the acquisition or enlargement of his or her principal residence; and
9. Domestic violence committed against the employee by his/her spouse or partner, or his/her former spouse or partner.

These early exit events are defined by French law and must be interpreted and applied in a manner consistent with French law. You should not conclude that an early exit event is available unless you have described your specific case to your employer and your employer has confirmed that it applies to your situation, upon you providing the requisite supporting documentation.

Employees must present a request for early sale within a period of six months after the occurrence of an early exit event, except in the event of death of the spouse, disability, domestic violence or termination of the employment contract (in which case, the request may be made at any time). For further information, please contact your human resource office.

Dividends

Any dividends paid with respect to the L'Air Liquide S.A. shares will be paid directly to the employees, net of applicable French withholding tax, either directly to the employee's bank account in Euros or in local currency via the employer paycheck, depending on the country. This choice is not up to the employees, and is the same for all employees of a given country. Shares that have been held for more than two full years will be eligible for a 10% increase of the dividend amount (referred to as a "loyalty bonus" but legally a dividend payment).

Voting rights

The voting rights pertaining to such shares will be exercisable directly by the employees.

Sale of the shares

In the event that the employee is eligible for an early exit, it is the responsibility of the employee to inform the local subsidiary that the employee wishes to sell his/her shares. The employee is required to provide appropriate justification of the occurrence of the early exit event.

Subject to the above, at the end of the five-year lock-up period, the employees may either decide to keep their shares or decide to sell their investment at any time.
